You do not have to be a KWA member to fish the tournaments or be eligible for prizes at that tournament. However, both team contestants must be members in order for the team to receive points for year-end awards and to earn eligibility for the Cabela's National Team Championship Tournament. To be entered in sidepot tournaments, both contestants must be KWA and TWF members.

There are no closed periods on the lake prior to registration. The lake will be closed to all contestants at 6:00 p.m. the evening prior to the tournament.

A pre-meeting is held on the evening before each tournament, beginning with registration at 6:00 p.m. The tournament rules, boat inspection time and start time will be announced at this meeting. At least one member per team is required to attend and sign-in at the pre-meeting. Failure to attend the pre-meeting will result in that team being placed at the end of the take off, regardless of the original boat take-off position.

## **4. Waiver:**

Promoters, tournament officials, directors and organizations assisting in the tournament operation, their agencies, agents, etc., are not responsible for death, injuries, damages, liability, theft, fire or loss of any kind to entrants. ## **6. Take-Off Position:**

The take-off position will be determined by the early bird drawing held at the annual banquet and after that by the earliest postmarked date.

## **7. Safety:**

Safe boating conduct and a high standard of sportsmanship and courtesy must be observed at all times. Any infractions of these rules may be cause for disqualification. All entrants must wear a personal flotation device when the big motor is engaged at more than a trolling speed. No alcoholic beverages are allowed in the boat at any time during

tournament hours. The safety of all contestants is the number one concern in all KWA tournaments.

It is solely the responsibility of the contestants to be aware of changing weather situations. If weather conditions become unsafe during the event hours, the contestants are required to seek safe shelter until the weather passes. All teams are required to report by the end of each tournament whether or not the team has fish to weigh-in.

## **8. Tackle and Equipment:**

Each team is responsible for supplying its own boat and equipment. All fish must be caught by rod and reel using legal methods only. Only two rods per person are allowed unless a team member has a Kansas license to fish with a third rod.

## **9. Contestant Communication:**

During tournament hours (i.e. from takeoff until weigh-in) all on-water communication by contestants with other contestants (excluding partner) pertaining to: 1) method or type of presentations being used, 2) lure selection or color and 3) location of fish or type of water being fished is strictly prohibited. Additionally, during tournament hours, contestants may not obtain or receive assistance from non-competitors or follow a non-competitor's boat. Neither contestants nor non-contestants are allowed to anchor or hold spots for KWA tournament contestants.

KWA Tournaments are boat versus boat competition. No group team fishing is allowed.

During the tournament hours a competitor may not transmit by any form of communication including but not limited to a cell phone, a CB radio, a VHF marine band radio, texting, any other type of communication device for the purpose of locating, catching fish or discussing your daily catch of fish nor receive any form of communication to aid you in the locating or catching of fish. Contestants are permitted to transmit by radio or telephone, texting, etc. only in an emergency.

## **10. Permitted Fishing Locations:**

Each tournament is restricted to fishing within the boundaries of that lake. There are no off limits on the lake waters. All fishing must be done from a boat. Boat contestants must remain in their boat at all times, except in cases of dire emergency.

## **11. Buffer Zones:**

All boats must maintain a 50-foot buffer zone between boats (except officials' boats). If other tournament contestants come within that zone, you can ask them to move, if you were there first.

### **13. Bonus for Live Released Fish:**

The KWA encourages contestants to keep their walleye catches alive and releasable (e.g. frequent aeration in livewell, sufficient water in livewell, etc.). Therefore, a bonus of a tenth of a pound per fish (.10/lb.) for all walleye released alive will be awarded. For example - if you weigh-in a five fish limit and they are all released alive, you will receive five tenths of a pound (.50 lb.) bonus added to your total weight.

Fish will be left in the livewell until the boat is trailered. You will stop at the weigh in trailer and let the partner take the fish to the scales.

### **15. Late Penalty:**

Teams must be inside the take-off cove at the deadline designated for their flight. Up to 15 minutes late will result in half the day's weight deducted. If a team arrives up to 15 minutes late and they hold the large walleye for the tournament that team can still hold the large walleye status. However, their total weight will still be deducted by half. Over 15 minutes late results in total weight deduction and loss of large walleye status.

### **16. Prize Winners and Awards:**

Prizes are awarded according to the total weight of each team's catch. The big walleye for each team shall be used to break heavy stringer ties.

Each team will be responsible for choosing their largest walleye from the stringer brought to the weigh-in. The big stringer for each team will be used to break largest walleye ties. There is an 80% payback of the entry fees collected at each tournament. The payback is one place for each eight entries.
